Environmental Stewardship on the Farm

A FREE WORKSHOP FOR FARMERS AND LANDOWNERS

Stewardship That Makes "Cents"

This free workshop is for all producers interested in profitable practices that improve streams, create wildlife habitat, and reduce regulatory concerns.

Topics covered will include:

- Controlling resistent weeds in fields and invasives along streambanks.
- Update on changes in nutrient management.
- Tour of science facilities at the Stroud Center.
- See reverse side for full agenda.

Pesticide Credits Pending

See www.stroudcenter.org/events to confirm pesticide credits offered.
