

Meaningful Watershed Educational Experiences (MWEE)

Get Outside!

Join us for a full-day workshop at the John Heinz National Wildlife Refuge at Tinicum. Attendees will work through the Meaningful Watershed Educational Experiences (MWEE) framework while furthering their own knowledge of environmental literacy and stewardship.

Logistics

Date: Friday, October 28, 2022

Time: 9:00 - 3:00 pm

Lunch provided courtesy of NOAA funding

MWEE Training

Educators will go outdoors to engage in a hands-on learning experience while developing the skills to integrate MWEE into their own classrooms and schools. Following the workshop, attendees will be invited to further learning opportunities to become a certified MWEE Ambassador!

Attendees can earn 3 additional 48 hours by completing the [MWEE 101 online training](#).
