

HELLO FROM THE WHITE CLAY CREEK *Wild & Scenic River Program!*

We improve and conserve water, protect open space (like woods and wetlands), and enhance the natural and cultural resources of the White Clay Creek Watershed. Did you know - the watershed is 107 square miles, has 199 miles of river, includes parts of PA and DE, and provides drinking water for nearly 130,000 people?!

Catch The Rain in the White Clay Creek Watershed

Catch the Rain is a program that reimburses landowners who install projects like these to manage water runoff.
